Mr. Palmer:

I have two things to add. First, Ms. George pointed out that on the second page of the proposed Order we sent, I inadvertently referenced a permanent injunction in paragraph 2 of the Order, which of course should be a preliminary injunction, and I wanted to point that out to the Court's attention.

Second, if Judge Chung is inclined to deny the injunction, on Vix's behalf I request that the Order include language temporarily staying release of the applications so that Vix can seek immediate appellate review, likely under RAP 2.2(a)(3).

Please let me know if you have any questions, or if I can provide you with any additional information.

Thank you,

Mark Rosencrantz
